Endowment Fund

The Board of Trustees and staff are very proud of our accomplishments over the last few decades. From our very modest beginning as a group home to the development of a continuum of housing choices and services, we have focused on our mission and been responsive to our community. The need for affordable housing and quality behavioral health care still grows and Fellowship Housing intends to serve the community for many years to come.

To celebrate twenty years of providing intensive residential supports in our Fellowship House program, Fellowship Housing Opportunities established an **Endowment Fund** with the NH Charitable Foundation. Since 2004, Fellowship Housing has been investing a modest amount of surplus revenue and unrestricted contributions each year to in order to insure the long-term sustainability of our core services. Our plan is to continue to grow the **Endowment Fund** through investment and generous charitable donations from local individuals, businesses, trusts and foundations.

We know that there are many good causes to support in our community. And, we know that these economic times have forced many organizations to ask for your help. We hope that you will consider **becoming a contributor to Fellowship Housing's future – today!**
